

"FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross."

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

Protest From the Target.

The Manager—There'll be a big crowd today. The soldiers and sailors are to be admitted free.

The Umpire—Aw, nix, nix! Have a heart. Let in the gobs, but keep out the doughboys. Those guys are the champion grenade throwers of the army, and every one'll have a pop bottle.

"CALLUS CORNS" LIFT RIGHT OFF

Apply a few drops of "Freezone"—No pain!

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

A Movie Marvel.

Dinks—I notice Blinks spends all his spare time at the pictures since his wife became a movie actress.

Jinks—Yes, he thinks it's perfectly wonderful to see her carrying on for two mortal hours and never hear a word out of her.

One or the Other.

Needzit—Why don't you pay your debts? You've got the money.

Owem—Yes, but I wouldn't have it if I was to pay my debts.

SWAMP-ROOT FOR KIDNEY AILMENTS

There is only one medicine that really stands out pre-eminent as a medicine for curable ailments of the kidneys, liver and bladder.

Dr. Kilmer's Swamp-Root stands the highest for the reason that it has proven to be just the remedy needed in thousands upon thousands of distressing cases. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Start treatment at once. Sold at all drug stores in bottles of two sizes, medium and large.

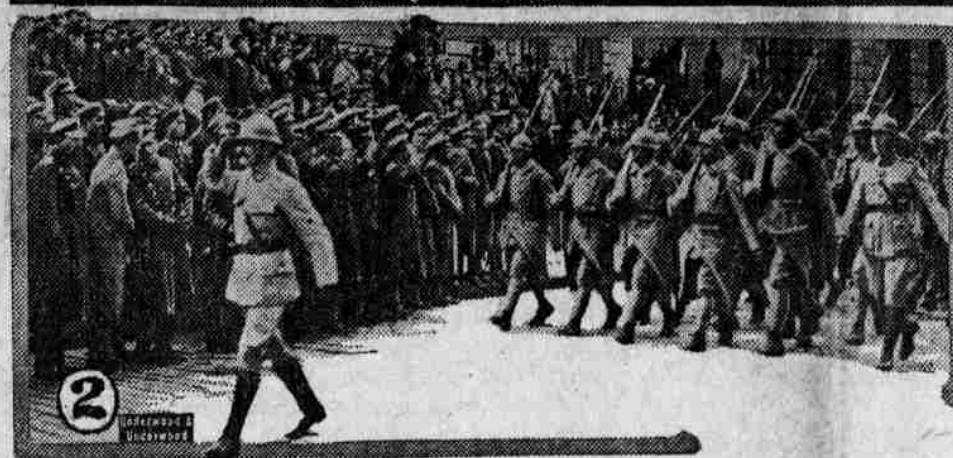

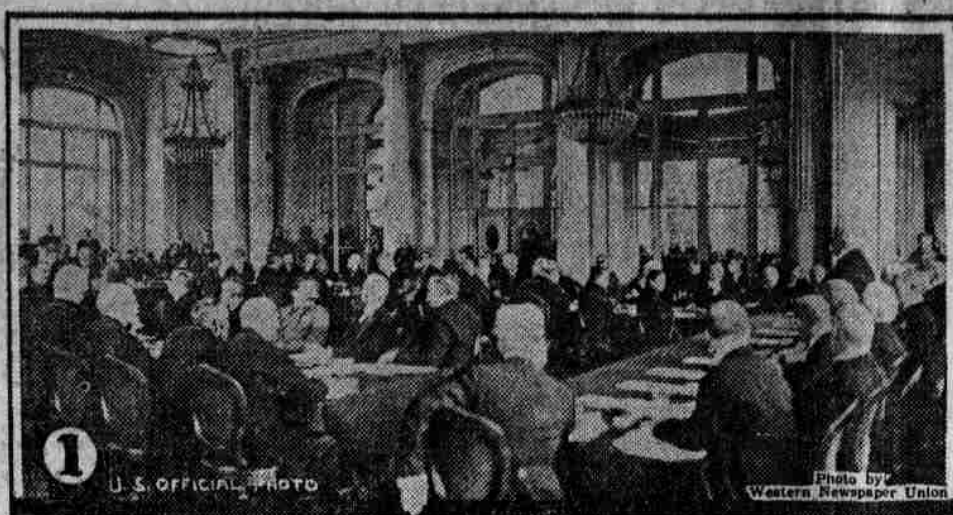

However, if you wish to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

TENNESSEE NEWS

Happenings Over Commonwealth Gleaned From Various Places

Nashville.—Twenty-five minor cases from Shelby county were presented to the supreme court on briefs and were argued in one day recently.

Dyersburg.—The civic department of the Dyer county woman's club will put on the annual baby show day at Dyersburg some time in June.

Jackson.—Judge N. R. Barham, presiding judge of the criminal court here, was fined \$10 in police court for exceeding the speed limit for automobiles.

Bradford.—There are splendid prospects for a large amount of fruit in this section this year. Peach trees and blackberry vines are loaded with young fruit.

Newbern.—Sheep growers in the Newbern territory are endeavoring to place many lambs on the market here June 7, which is "Lamb Day" of the Dyer county sheep and wool growers' association.

Nashville.—Ike B. Stevens, secretary of state, has gone to Fort Worth, Ranger, Wichita Falls and other towns in Texas, to make investigations of oil companies seeking to do business in Tennessee.

Bristol.—W. M. Lee and S. P. Dixon, the Kingsport officers, charged with killing Jack Bridwell, a returned soldier, will be placed on trial June 30. The date for the trial was set at the regular May session of the Sullivan county circuit court at Blountville.

Jackson.—Ed Mullins, seventeenth district farmer, was arrested by federal and state officers after they had seized a 50-gallon wild-cat still and a large quantity of liquor on his place. Deputy United States Marshal C. H. King has the huge still in his repository at the federal building, which is the largest ever captured in this section.

Covington.—Elmer Billings, 16-year-old son of E. W. Billings, who resides one mile south of Atoka, this county, was killed by a freight train near his home. The lad and his brother were in a cut when the train approached. They climbed up the steep bank out of danger, but the unfortunate youth lost his footing and slipped back onto the track.

Nashville.—John Trotwood Moore, state librarian, will leave in June for Wisconsin, where he will visit the state university in an effort to recover what is known as the Draper historical manuscript. Mr. Moore believes he will be able to secure these valuable papers for the state. Mr. Moore is preparing a story in which he will give the history of these famous papers.

Knoxville.—Prof. J. R. Lowery, recently deposed by the board of education as principal of the Park city school, distributed 1,500 portraits of himself to pupils in his school in response to their urgent request. Mass meetings of citizens demanded Prof. Lowery's re-election, but the school board refused to acquiesce, and as a result pupils in his school went on strike, remaining out until he successfully urged them to return to their work.

Alamo.—A movement has been launched by the members of the First Christian church here to erect a new building at a cost of not less than \$20,000.

Washington.—The war department has announced that the following Tennesseans have completed their examinations and are qualified for admission to West Point: Glenn Weims, Greeneville; Jesse Douglas Farmer, Cookeville; Patrick Weston Timberlake, Lexington; Eugene Bryan Ezell, Dresden; Wm. A. Randolph, Winslow.

Nashville.—G. M. Bentley, state entomologist, is being mentioned for the agricultural department of the University of Tennessee to succeed Dr. H. A. Morgan, recently elected president of the university.

Jackson.—The thirty-nine Vanderbilt alumni of Jackson have formed an organization for the purpose of raising funds for the memorial to be erected at Nashville for the students and ex-students who gave their lives in the world war. Dr. J. M. Arnold, of the class of 1872, is the oldest member in Jackson.

Newbern.—The town of Fowlkes, in the western part of the county, has organized a tomato club association with A. A. Layman, manager and salesman; R. L. Gooch, inspector, and W. S. Cook, secretary and treasurer.

Covington.—The First Methodist church of Covington has made its final report on the centenary drive and on an allotment of \$25,000 the pastor, Rev. Robt. A. Clark, and the campaign director, J. H. Flippin, report that 413 different individuals have made subscriptions aggregating \$27,000.

THIS WEEK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.

Destructiveness.

"See that boy?"
"Yes."
"Very destructive."
"How so?"
"Wears a suit of clothes out the first day he gets them."
"Impossible!"
"Well, he does. He wouldn't go naked, would he?"

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a welcome transformation in the appearance; the increase in weight frequently being astonishing.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should disappear. Dull eyes become bright, and pale cheeks glow with the bloom of perfect health.

CAUTION:—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its tendency to increase weight, be used by anyone who does not desire to put on flesh.
